

utf8::next

```
graph LR; A[utf8::next] --> B[utf8::invalid_code_point::invalid_code_point]
```

A diagram illustrating a function call or pointer relationship. On the left, a gray rectangular box contains the text 'utf8::next'. A blue arrow points from the right side of this box to the left side of a larger white rectangular box on the right. The white box contains two lines of text: 'utf8::invalid\_code' on the top line and '\_point::invalid\_code\_point' on the bottom line.

utf8::invalid\_code  
\_point::invalid\_code\_point
